- Prolonged period of subdued growth in the main export markets and overdependence on traditional markets as well as weak export growth.
 - A revised Market Development Plan with emphasis on Africa to rebalance exports and to consolidate our presence in the traditional markets is being implemented, in addition to sustained efforts to develop export readiness of enterprises.
- Relatively low level of industrial competitiveness.
 - A monitoring committee with key stakeholders, including the Restructuring Working Group (RWG), Mauritius Business Growth Scheme (MBGS) and Enterprise Mauritius (EM) has been set up at the Ministry to track the performance of enterprises, identify their needs and advise them on available support measures in areas such as export promotion, productivity, financial and operational restructuring and technology upgrade.

 alongside a redynamised Africa strategy, technology, productivity, quality and standards
 enhancement, boosting investment inflows and the promotion of sustainable industrial
 development.
